## WHAT ABOUT SISTER CORINE?

One of Sister Corine's great claims to fame is having taught that wonderful Class of '63! If, as they claim, they are now "mature, well-adjusted and middle-aged", what does that make her? It makes her mature, well-adjusted and old!!

Still at fifty-seven, she does not feel old. Perhaps that is because the variety of ministries in her life have kept her moving so rapidly, age hasn't been able to catch up.

The Class of '63 was second to the last class she officially taught. After that she was Principal in such places as Dallas, St. Louis, and ,of course, St. Frances of Rome in Cicero ('74-'83). She was Administrator of a home for emotionally disturbed teenagers (Are there any other Kind?) in Dallas, Administrator of a Retirement Home in St. Louis, served on the Administrative Team of the Congregation and presently is the Mission Director at Incarnate Word Hospital in St. Louis. Quite a few career changes in a lifetime!

Education is still her first love. She believes that there is no gift that surpasses supplementing the efforts of parents in providing a child with morals and values that will sustain them through life. Though she admits to having made a few mistakes with her students, her years as an educator have been the brightest and most satisfying of her career.

Favorite Teacher - Mrs. Pulaski, because I finally caught on to Math with her in 7th Grade.

Worst Teacher - Mrs. Sheridan, because she was always telling me I was lazy and could do better. I ended up subbing with her many years later.

Best Memory - Cheering and attending the basketball and football games. Actually, we had more fun getting to and from the games, than actually at the games themselves.

Worst Memory - Having to memorize those Religion questions. I still know them by heart today!

Korinek Story - Just seeing John spend most of the day in the coatroom, then he wasn't getting the rest of us into trouble.

Rosemary Zika Williams  
811 South Johnson Street  
Ada, Ohio 45810  
419-634-6330

Spouse: Ed

In addition to teaching piano and harpsichord, Rosemary also teaches Composition. She is a member of A.S.C.A.P. and last year she got her first commission. (\$1,000 for a jazz/gospel tune for the Retirement Party of the Ohio Methodist Bishop.) In 1991 one of her pieces was performed by the Toledo Symphony. She is writing a couple of musicals and has had a set of American Indian melodies set with original harmonies for cello and piano get a lot of good recognition in France and Germany on tours by Katie and Tim Mientka, who commissioned them.

Well, that's mainly her life -- MUSIC - and she loves it! She also enjoys exercising and has recently learned how to fish.

Ed is in his 12th year as Chairman of the Music Department. This Department is growing rapidly. It now has a six million dollar Performing Arts Center. Former students are now sending them pictures of their children. (Rosemary and Ed have been at Ohio Northern University for 20 years.) Many students become their friends, some are even like their own children. That's one great thing about teaching - it's like renting children and having a steady stream of friends for life.

Favorite Teacher - I had a tie. Miss Rosemary in 3rd Grade and Mrs. Divine in 5th Grade. They were kind and compassionate and I learned a lot from them. Also, they wore neat outfits.

Worst Teacher - Miss Benda, she was no Miss Rosemary.

Best Memory - Being an angel on Christmas Eve at Midnight Mass and the 8th Grade May Crowning of the Blessed Virgin Mary. Both were magic times for me.

Worst Memory - The day Miss Rosemary left to have her baby.

Korinek Story - When we were in 1st Grade, John used to want to play War. He was a soldier and he would chase us and any time he got chased by whatever teacher would lose her "Cool" with him, especially in 4th Grade when he would run up on the desks and the window sills. It makes me chuckle even now just thinking about it. Thanks, John for the smile!

Worst Teacher - 6th Grade a short fat teacher who let kids go to her house and clean it for her. I tried to "brown nose" and all I got was to take her rugs home and clean them for her. One could cheat on her tests and she never knew that kids crawled out of her room.

Best Memory - Very few, mostly of friends - Pat Meyers, Donna Chiodo, Virginia Caprio and Virginia Wielgos.

Worst Memory - Most of my memories are on the poor side. That's probably the reason I put off sending this in. But 4th Grade (the attic classroom) when some poor kid was sent to our room as an example (nowadays it would be abuse). The nun made him stand in the garbage can and put another garbage can over his head in front of the entire class. To add insult, it was after lunch, so all the crap fell down this poor kid's shirt. I thought I got off lucky, when this same nun only made me sit in the garbage can in the back of the class.

The Deal's built a home on 2½ acres in the woods five years ago. They love it! Dolores works for Follett Library Book Company in Crystal Lake. She works out of her home doing order entry. Her children's activities take up all of her spare time.

Worst Teacher - Sister Rodriguez in Eighth Grade never taught me a thing. All we ever did was read out of our Spelling Book. The same thing, every day, five days a week. I don't ever remember her getting out of her chair.

Korinek Story - Sorry, I don't have one, but I do remember that he cried a lot.

Spouse: Ray Children: Robert - 12, Lisa - 8

Robert just turned 12 on July 9th. He is entering the 7th Grade at University School of Milwaukee. He had quite a busy school year. He played on the football, ice hockey (his favorite sport and coached by his Dad), Basketball (coached by Milwaukee Bucks Coach, Mike Dunleavy), and volleyball school teams. He also played Little League baseball. He was a member of the Future Problem Solver's Club and attended St. John's Prep School in San Juan, Puerto Rico for one week as an exchange student. He took Advanced Placement Pre-Algebra, Spanish, Drama, and Computers along with his major subjects and still managed to maintain a 3.8 average all year to win a Scholastic Achievement Award. He participated in the 6th Grade Community Service Project by collecting money shopping, delivering, and serving food at St. Gall's Church and Food Pantry in Milwaukee. He qualified to take the SAT as part of the Midwest Talent Search sponsored by Northwestern University. What a guy! Anyone with a 12 year old daughter, who may be interested in Robert, sorry, but he's already been promised to someone for three years now. The lucky young lady is a nice Irish/Italian girl, Annemarie Ahearn, from Milwaukee.

Now for my blond-haired, blue-eyed, look-a-like daughter, Lisa. Lisa is 8 years old and will be entering the 3rd Grade at University School of Milwaukee. She is an Advanced Placement Math and French student. Her social life keeps me busy, she is quite the party animal! She is a Level 5 gymnast and loves the competition. In May she participated in her first Meet and took 2nd Place Overall losing out in 1st Place to an eleven year old. In August she will attend Porter's Gymnastics Camp in Eagle River. She is constantly bouncing around the house. She took first place in running the mile on the Second Grade Track and Field Day. In April Lisa made her First Communion and wore my Communion dress for the festive occasion. She wants me to tell all of you that she is "the prettiest girl in Wisconsin".

On August 1st the Melicks will hear the pitter-patter of little feet in their household. Yes, there will be a new addition to the family - a six week old Yellow Lab, Hestia (Tia, for short). Some of us are more excited than others about the pup's arrival, but a Mom's gotta do what a Mom's gotta do!

My husband, Ray, accepted a job with the Federal Government 8 years ago, as a Special Agent with the Drug Enforcement Administration. We were transferred to Milwaukee 7 years ago. Ray's job has taken him all over the United States, as well as Central and South America. He is the Firearms Training Officer for the Milwaukee Division of DEA. In his spare time he enjoys golfing and trapshooting. He is very active in school functions and sports activities with the children.

My mother is a young 66½ and has been living with us for several years. She likes to read and help out with the household chores, especially cooking - which we all enjoy and appreciate. She is very happy spoiling her two grandchildren.

Most of my time is spent in the car driving my children to and from school and sport activities. However, with some spare time I manage to take a Step Aerobics Class three times a week. I am a Board Member of Winter Club, which is our hockey organization. I manage, purchase, stock, and arrange for volunteers to work the Concession Stand. I am also a Board Member for the University School Parents' Association.

Favorite Teacher - Sister Corine because she was kind, fair and consistent in her teaching and disciplining. To this day we still remain good friends. Mrs. Devine in the Fifth Grade, because she was a geography whiz!

Worst Teacher - Sister Frances Clare because she had no sense of humor and did not like or understand the age group of the children she taught.

Best Memory - Those early friendships that were formed at S.F.R. and still continue to this day. 'There's no friend like an old friend' seems to ring true. After 37 years many of us have remained in touch with one another.

Worst Memory - I have none. Even the most terrible situations back then are quite laughable now.

Lasting Memory - Attending Bill Boland's Wake, because it made this nineteen year old realize how precious life can be. I was surprised to see so many of my classmates there to say good-bye to an old friend. After five years of venturing out to various high schools and colleges, it did my heart good to see us reunite and grieve together.

Korinek Story - I was in the same classroom with John from 1st through 8th Grades, so needless to say my parents received their money's worth for their two dollars a month for tuition, because I was thoroughly entertained for eight years. I've experienced a million Korinek stories! The most memorable occurred during the Fourth Grade. I met John in front of the church while I was on my way to Wednesday Boy Savior Mass. He 'forced' me to cut Mass with him. We decided to walk around the neighborhood instead. While we were walking, we saw Sister Vera and immediately ducked behind some shrubbery. We didn't think that we had been caught. We proceeded to our classroom as if nothing peculiar had happened. While our class was doing our daily penmanship lesson, Sister Vera entered our room and whispered something to Sister Rosita. Sister Vera then asked John and me to stand. She walked over to me and swatted me on the leg with a yardstick. As she approached John, he ran for the French doors which exited onto the roof of the school. John backed up against the edge of the roof and yelled "Hit me and I'll jump". Sister Vera was not the least bit intimidated. She smacked him and he ran back into the classroom in tears.
